

## Roadzen to Showcase DrivebuddyAI as First-Time Exhibitor at CES 2026 (January 6 – 9)

December 23, 2025

**Live demos in Las Vegas will highlight DrivebuddyAI's vision-first, continuous-learning AI platform trained on billions of kilometers of real-world driving data and uniquely positioned as the only driver monitoring system validated under both Indian AIS-184 and EU GSR 2144 standards.**

NEW YORK, Dec. 23, 2025 (GLOBE NEWSWIRE) -- Roadzen Inc. (Nasdaq: RDZN) ("Roadzen" or the "Company"), a global leader in AI at the intersection of insurance and mobility, today announced that its flagship driver-safety and in-cabin intelligence platform, DrivebuddyAI, will exhibit at CES 2026, taking place January 6–9, 2026 in Las Vegas, Nevada. Roadzen will showcase DrivebuddyAI at Booth 6373, Las Vegas Convention Center, West Hall.

At CES 2026, Roadzen will demonstrate DrivebuddyAI's vision-led, real-time driver monitoring and risk intelligence platform, designed to reduce accidents, improve fleet safety outcomes, and support automakers and mobility operators as global safety regulations continue to evolve.

DrivebuddyAI's presence at CES follows recent regulatory milestones, including validation under India's AIS-184 driver monitoring standard and compliance with the European Union's General Safety Regulation (GSR) 2144, positioning the platform for deployment across major global markets.

At the show, Roadzen will also demonstrate its end-to-end, vision-based safety model, trained on over 3.5 billion kilometers of real-world driving data and previously shown to deliver over 70% reduction in accidents across large commercial fleet deployments. The system operates as a closed loop learning platform, continuously improving as it encounters new driving environments, behaviors, and edge cases.

"CES has effectively become the world's leading mobility technology showcase, and we're excited to present DrivebuddyAI on that global stage," said Rohan Malhotra, Founder and CEO of Roadzen. "This is a world-class, vision-first safety platform that is ready for prime time. Following strong adoption and regulatory validation in India and Europe, we're excited to bring DrivebuddyAI to the U.S. market next."

### **About Roadzen Inc.**

Roadzen Inc. (Nasdaq: RDZN) is a global leader in AI at the convergence of insurance and mobility. Roadzen builds technology that helps insurers, automakers, and fleets better predict and prevent risk, automate claims, and deliver seamless, embedded insurance experiences.

Thousands of clients — from the world's leading insurers, carmakers, and fleets to dealerships and agents — use Roadzen's technology to build new products, sell insurance, process claims, and improve road safety. Roadzen's pioneering work in telematics, generative AI, and computer vision has earned recognition from *Forbes*, *Fortune*, and *Financial Express* as one of the world's top AI innovators.

Headquartered in Burlingame, California, Roadzen employs more than 300 people across offices in the U.S., U.K., and India. Learn more at [www.roadzen.ai](http://www.roadzen.ai).

The Company builds technology that helps insurers, automakers, and fleets predict and prevent risk, automate claims, and deliver seamless, embedded insurance experiences. Thousands of clients — from global insurers and automakers to small fleets and brokers — rely on Roadzen's technology across North America, Europe, and Asia.

### **Cautionary Statement Regarding Forward Looking Statements**

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "could," "would," "expect," "plan," "anticipate," "believe," "estimate," and "continue," or the negative of such terms or other similar expressions. Such statements include, but are not limited to, anticipated revenue, anticipated benefits of our products and solutions, business growth in the U.S., U.K. and India, anticipated strategy, demand for our products, expansion plans, future operations, future operating results, estimated revenues, losses, projected costs, prospects, plans and objectives of management, as well as all other statements other than statements of historical fact included in this press release. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described in "Risk Factors" in our Securities and Exchange Commission ("SEC") filings, including the annual report on Form 10-K we filed with the SEC on June 26, 2025. We urge you to consider these factors, risks and uncertainties carefully in evaluating the forward-looking statements contained in this press release. All subsequent written or oral forward-looking statements attributable to our company or persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. The forward-looking statements included in this press release are made only as of the date of this release. Except as expressly required by applicable securities law, we disclaim any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
