

Roadzen Partners with Top-10 Global Carmaker to Deliver GAP Insurance Across the UK, Its Second Major European OEM Win Following Its September 2025 Continental Europe Partnership

April 14, 2026

Roadzen's second major European OEM win, underscores growing adoption of its AI-led, embedded insurance platform by global carmakers

NEW YORK, April 14, 2026 (GLOBE NEWSWIRE) -- Roadzen Inc. (Nasdaq: RDZN), a global leader in AI at the convergence of insurance and mobility, today announced that it has partnered with the insurance services arm of a top-10 global automotive manufacturer in the United Kingdom to deliver Guaranteed Asset Protection (GAP) insurance to retail vehicle customers.

The partnership represents Roadzen's second major Tier-1 global OEM insurance mandate in Europe, following the Company's continental Europe OEM win announced in September 2025. Together, these mandates reinforce Roadzen's growing role as a technology and insurance infrastructure partner to the world's leading automotive manufacturers, as OEMs increasingly embed insurance into the vehicle ownership experience.

Under the agreement, Roadzen will support the design, distribution, and administration of a GAP insurance program offered directly to UK retail customers through the manufacturer's digital, finance, and retail channels. The program is integrated into the customer onboarding journey and includes a complimentary introductory coverage period, with the option to transition into longer-term subscription-based coverage.

The automaker selected Roadzen following a comprehensive evaluation process, reflecting confidence in the Company's AI-driven insurance platform, regulatory and MGA capabilities, and ability to operate at global OEM scale. Roadzen's technology enables seamless policy delivery, automated administration, and an intuitive customer experience aligned with modern, connected-car ownership models.

"This partnership builds on our momentum with Tier-1 global automakers across Europe," said Rohan Malhotra, Founder and CEO of Roadzen. "As leading carmakers digitize insurance country by country, they are looking for partners that can combine regulated insurance capabilities with modern AI-led platforms. With mandates now spanning the UK and continental Europe, Roadzen is demonstrating that our embedded insurance model scales across markets, products, and top-tier OEM ecosystems."

The UK mandate strengthens Roadzen's European footprint and further advances its strategy of partnering with global automotive brands to modernize insurance distribution and administration through AI.

About Roadzen Inc.

Roadzen Inc. (Nasdaq: RDZN) is a global leader in AI at the convergence of insurance and mobility. Roadzen builds technology that helps insurers, automakers, and fleets better predict and prevent risk, automate claims, and deliver seamless, embedded insurance experiences.

Thousands of clients across North America, Europe, and Asia — from the world's leading insurers, carmakers, and fleets to dealerships and agents — use Roadzen's technology to build new products, sell insurance, process claims, and improve road safety. Roadzen's pioneering work in telematics, generative AI, and computer vision has earned recognition from *Forbes*, *Fortune*, and *Financial Express* as one of the world's top AI innovators.

Headquartered in Burlingame, California, Roadzen employs more than 300 people across offices in the U.S., U.K., and India. Learn more at www.roadzen.ai.

Cautionary Statement Regarding Forward Looking Statements

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "could," "would," "expect," "plan," "anticipate," "believe," "estimate," and "continue," or the negative of such terms or other similar expressions. Such statements include, but are not limited to, statements regarding our anticipated strategy, valuation, demand for our products, expansion plans, future operations, future operating results, estimated revenues, losses, projected costs, prospects, plans and objectives of management, as well as all other statements other than statements of historical fact included in this press release. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described in "Risk Factors" in our Securities and Exchange Commission ("SEC") filings, including the annual report on Form 10-K we filed with the SEC on June 26, 2025. We urge you to consider these factors, risks and uncertainties carefully in evaluating the forward-looking statements contained in this press release. All subsequent written or oral forward-looking statements attributable to our company or persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. The forward-looking statements included in this press release are made only as of the date of this release. Except as expressly required by applicable securities law, we disclaim any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
