Roadzen to Attend Nordics' Leading Automotive Event VECS 2026 in Gothenburg on May 5–6

May 1, 2026

Roadzen will join senior AI, automaker and mobility executives at a private, invite-only reception hosted by Business Sweden at the World of Volvo on May 4, ahead of VECS 2026, the Nordics' flagship automotive conference, as Europe emerges as a major market for the Company on the back of two global OEM insurance wins and drivebuddyAI regulatory tailwinds ahead of the EU GSR 2144 and EU NCAP 2026 in-cabin safety mandates.

NEW YORK, May 01, 2026 (GLOBE NEWSWIRE) -- Roadzen Inc. (Nasdaq: RDZN), a global leader in AI at the convergence of insurance and mobility, will join VECS 2026 — the Nordics' leading automotive conference — on May 5–6 in Gothenburg. Roadzen opens the visit on May 4 as ar invitee at a private, invite-only reception hosted by Business Sweden, the country's trade and investment council, at the World of Volvo, convening senior executives from Sweden's automakers, suppliers, and capital partners.

Sweden anchors one of the most concentrated automotive engineering ecosystems in Europe. Volvo Cars, Volvo Group, Polestar, and the broader Nordic supplier base are setting global benchmarks for software-defined, electrified, and autonomous vehicles — making the country a strategic market for Roadzen's expanding European OEM and fleet business.

Europe is emerging as a major market for Roadzen across both its insurance and mobility platforms. The Company has secured embedded insurance mandates with two Tier-1 global automotive manufacturers — the first announced in September 2025 in continental Europe, and the second in April 2026 in the United Kingdom — establishing Roadzen as an insurance technology partner to the world's leading carmakers across two distinct European markets. Roadzen's drivebuddyAI Driver Monitoring System (DMS) is validated for compliance with the European Union General Safety Regulation (EU GSR 2144), ahead of the EU NCAP 2026 in-cabin safety mandate. drivebuddyAI is also fully compliant with India's AIS-184, making it the only AI-powered driver monitoring platform in the world validated across two major regulatory geographies.

VECS 2026 draws more than global senior leadership from OEMs, suppliers, and AI/mobility solutions providers, with confirmed attendees including senior executives from Volvo Cars, Volvo Group, Polestar, NVIDIA, and TRATON Group.

About Roadzen Inc.

Roadzen Inc. (Nasdaq: RDZN) is a global leader in AI at the convergence of insurance and mobility. Roadzen builds technology that helps insurers, automakers, and fleets better predict and prevent risk, automate claims, and deliver seamless, embedded insurance experiences.

Thousands of clients across North America, Europe, and Asia — from the world's leading insurers, carmakers, and fleets to dealerships and agents — use Roadzen's technology to build new products, sell insurance, process claims, and improve road safety. Roadzen's pioneering work in telematics, generative AI, and computer vision has earned recognition from *Forbes*, *Fortune*, and *Financial Express* as one of the world's top AI innovators.

Headquartered in Burlingame, California, Roadzen employs more than 300 people across offices in the U.S., U.K., and India. Learn more at www.roadzen.ai.

Cautionary Statement Regarding Forward Looking Statements

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "could," "would," "expect," "plan," "anticipate," "believe," "estimate," and "continue," or the negative of such terms or other similar expressions. Such statements include, but are not limited to, statements regarding our anticipated strategy, valuation, demand for our products, expansion plans, future operations, future operating results, estimated revenues, losses, projected costs, prospects, plans and objectives of management, as well as all other statements other than statements of historical fact included in this press release. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described in "Risk Factors" in our Securities and Exchange Commission ("SEC") filings, including the annual report on Form 10-K we filed with the SEC on June 26, 2025. We urge you to consider these factors, risks and uncertainties carefully in evaluating the forward-looking statements contained in this press release. All subsequent written or oral forward-looking statements attributable to our company or persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. The forward-looking statements included in this press release are made only as of the date of this release. Except as expressly required by applicable securities law, we disclaim any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
