(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2023

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number 001-41094

VAHANNA TECH EDGE ACQUISITION I CORP.

(Exact Name of Registrant as Specified in Its Charter)

British Virgin Islands
(State or Other Jurisdiction of
Incorporation or Organization)

98-1600102
(I.R.S. Employer
Identification No.)

1230 Avenue of the Americas, 16th Floor
New York, NY 10020
(Address of Principal Executive Offices)

Registrant's telephone number, including area code: (347) 745-6448

Not applicable
(Former name or former address, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Units, each consisting of one Class A ordinary share and one-half of one redeemable warrant	VHNAU	
Class A ordinary share, par value \$0.0001 per share	VHNA	The Nasdaq Stock Market, LLC The Nasdaq Stock Market, LLC
Redeemable warrants, each warrant exercisable for one Class A ordinary share, each at an exercise price of \$11.50 per share	VHNAW	The Nasdaq Stock Market, LLC

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 15 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 15 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of May 19, 2023, there were 20,010,000 Class A ordinary shares, \$0.0001 par value per share, and 5,002,500 Class B ordinary shares, \$0.0001 par value per share, outstanding.

NOTES TO CONDENSED FINANCIAL STATEMENTS
MARCH 31, 2023
(Unaudited)

NOTE 1 - DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS AND GOING CONCERN

Vahanna Tech Edge Acquisition I Corp. (the “Company”) was incorporated in the British Virgin Islands on April 22, 2021. The Company was formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses (the “Business Combination”). The Company is not limited to a particular industry or sector for purposes of consummating a Business Combination. The Company is an early stage and emerging growth company and, as such, the Company is subject to all of the risks associated with early stage and emerging growth companies.

As of March 31, 2023, the Company had not commenced any operations. All activity for the period from April 22, 2021 (inception) through March 31, 2023 relates to the Company’s formation, initial public offering (“Initial Public Offering”), which is described below and search for an acquisition target. The Company will not generate any operating revenues until after the completion of an initial Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income from the proceeds derived from the Initial Public Offering. The Company has selected December 31 as its fiscal year end.

The registration statement for the Company’s Initial Public Offering (the “Registration Statement”) was declared effective on November 22, 2021. On November 26, 2021, the Company consummated the Initial Public Offering of 20,010,000 units (“Units” and, with respect to the ordinary shares included in the Units being offered, the “Public Shares”), generating gross proceeds of \$200,100,000, which is described in Note 3.

Simultaneously with the closing of the Initial Public Offering, the Company consummated the sale of 8,638,500 warrants (the “Private Placement Warrants”) at a price of \$1.00 per Private Placement Warrant in a private placement transaction to Vahanna LLC (the “Sponsor”).

Additionally, simultaneously with the closing of the Initial Public Offering, pursuant to a Subscription Agreement, dated November 22, 2021, by and between the Company and Mizuho Securities USA LLC, the representative of the underwriters (“Mizuho”), the Company completed the private sale of an aggregate of 150,000 Class B ordinary shares of the Company, par value \$0.0001 per share (the “Representative Shares”), at a purchase price of approximately \$3.33 per Representative Share, generating gross proceeds to the Company of \$500,000. No underwriting discounts or commissions were paid with respect to such sale. The issuance of the Representative Shares was made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act of 1933, as amended (the “Securities Act”) (see Notes 5 and 6).

Following the closing of the Initial Public Offering on November 26, 2021, an amount of \$204,102,000 (\$10.20 per Unit) from the net proceeds of the sale of the Units in the Initial Public Offering and the Private Placement (as defined in Note 4) was placed in the Trust Account (as defined below). The funds held in the Trust Account may be invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less or in any open-ended investment company that holds itself out as a money market fund selected by the Company meeting the conditions of Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of: (i) the completion of a Business Combination or (ii) the distribution of the Trust Account, as described below.

As of November 26, 2021, transaction costs amounted to \$11,274,404 consisting of \$3,480,000 of underwriting fees, \$6,525,000 of deferred underwriting fees, \$645,904 of Initial Public Offering costs and \$623,500 representing the excess of fair value over the purchase price of Founder Shares purchased by the underwriter (see Note 5).

[Table of Contents](#)

These costs were charged to additional paid-in capital upon completion of the Initial Public Offering. As described in Note 6, the \$6,525,000 deferred underwriting commission is contingent upon the consummation of a Business Combination within 18 months of the Initial Public Offering (or up to 21 months from the Initial Public Offering if the Company extends the period of time to consummate a Business Combination), unless the time period to consummate a Business Combination is extended pursuant to the Company's amended and restated memorandum and articles of association (the "Memorandum and Articles of Association").

The Company's management has broad discretion with respect to the specific application of the net proceeds of the Initial Public Offering and the sale of the Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The stock exchange listing rules require that the Business Combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the assets held in the Trust Account (excluding the amount of deferred underwriting commissions and taxes payable on the income earned on the Trust Account). The Company will only complete a Business Combination if the post-Business Combination company owns or acquires 50% or more of the issued and outstanding voting securities of the target or otherwise acquires a controlling interest in the target business sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended (the "Investment Company Act"). There is no assurance that the Company will be able to successfully effect a Business Combination. Upon the closing of the Initial Public Offering, \$10.20 per Unit sold in the Initial Public Offering, including proceeds of the sale of the Private Placement Warrants, was held in the trust account (the "Trust Account") and invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or in any open-ended investment company that holds itself out as a money market fund investing solely in U.S. Treasuries and meeting certain conditions under Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of (i) the completion of a Business Combination and (ii) the distribution of the funds in the Trust Account to the Company's shareholders, as described below.

The Company will provide the holders of the outstanding Public Shares (the "Public Shareholders") with the opportunity to redeem all or a portion of their Public Shares either (i) in connection with a shareholder meeting called to approve the Business Combination or (ii) by means of a tender offer in connection with the Business Combination. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (initially \$10.20 per Public Share, plus any pro rata interest then in the Trust Account, net of taxes payable). There will be no redemption rights upon the completion of a Business Combination with respect to the Company's warrants.

All of the Public Shares contain a redemption feature which allows for the redemption of such Public Shares in connection with the Company's liquidation, if there is a shareholder vote or tender offer in connection with the Company's Business Combination and in connection with certain amendments to the Company's Memorandum and Articles of Association. In accordance with the rules of the U.S. Securities and Exchange Commission (the "SEC") and its guidance on redeemable equity instruments, which has been codified in ASC 480-10-S99, redemption provisions not solely within the control of a company require ordinary shares subject to redemption to be classified outside of permanent equity. Given that the Public Shares were issued with other freestanding instruments (i.e., public warrants), the initial carrying value of the Class A ordinary shares classified as temporary equity was the allocated proceeds determined in accordance with ASC 470-20. Because of the redemption feature noted above, the Class A ordinary shares are subject to ASC 480-10-S99. If it is probable that the equity instrument will become redeemable, the Company has the option to either (i) accrete changes in the redemption value over the period from the date of issuance (or from the date that it becomes probable that the instrument will become redeemable, if later) to the earliest redemption date of the instrument or (ii) recognize changes in the redemption value immediately as they occur and adjust the carrying amount of the instrument to equal the redemption value at the end of each reporting period. The Company has elected to recognize the changes immediately. The accretion or remeasurement is treated as a deemed dividend (i.e., a reduction to retained earnings, or in absence of retained earnings, additional paid-in capital). While redemptions cannot cause the Company's net tangible assets to fall below \$5,000,001, the Public Shares are redeemable and will be classified as temporary equity on the balance sheet until such date that a redemption event takes place.

Table of Contents

The Company will not redeem Public Shares in an amount that would cause its net tangible assets to be less than \$5,000,001 (so that it does not then become subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement that may be contained in the agreement relating to the Business Combination. If the Company seeks shareholder approval of the Business Combination, the Company will proceed with a Business Combination only if the Company receives a resolution under British Virgin Islands law approving a Business Combination, which requires the affirmative vote of a majority of the shareholders who attend and vote at a general meeting of the Company, or such other vote as required by law or stock exchange rule. If a shareholder vote is not required and the Company does not decide to hold a shareholder vote for business or other legal reasons, the Company will, pursuant to its Memorandum and Articles of Association, conduct the redemptions pursuant to the tender offer rules of the SEC, and file tender offer documents containing substantially the same information as would be included in a proxy statement with the SEC prior to completing a Business Combination. If the Company seeks shareholder approval in connection with a Business Combination, the Sponsor has agreed to vote its Founder Shares and any Public Shares purchased during or after the Initial Public Offering in favor of approving a Business Combination. Additionally, each Public Shareholder may elect to redeem their Public Shares, without voting, and if they do vote, irrespective of whether they vote for or against a proposed Business Combination.

Notwithstanding the foregoing, if the Company seeks shareholder approval of the Business Combination and the Company does not conduct redemptions pursuant to the tender offer rules, a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a "group" (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the Public Shares without the Company's prior written consent.

The Sponsor has agreed (a) to waive its redemption rights with respect to any Founder Shares and Public Shares held by it in connection with the completion of a Business Combination and (b) not to propose an amendment to the Memorandum and Articles of Association (i) to modify the substance or timing of the Company's obligation to allow redemption in connection with the Company's initial Business Combination or to redeem 100% of the Public Shares if the Company does not complete a Business Combination within the Combination Period (as defined below) or (ii) with respect to any other provision relating to shareholders' rights or pre-initial Business Combination activity, unless the Company provides the Public Shareholders with the opportunity to redeem their Public Shares upon approval of any such amendment.

If the Company has not completed a Business Combination within 18 months from the closing of the Initial Public Offering (or up to 21 months from the Initial Public Offering if the Company extends the period of time to consummate a Business Combination) (the "Combination Period"), the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (which interest shall be net of taxes payable, and less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then issued and outstanding Public Shares, which redemption will completely extinguish the rights of the Public Shareholders as shareholders (including the right to receive further liquidating distributions, if any), and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining Public Shareholders and its board of directors, liquidate and dissolve, subject in each case to the Company's obligations under British Virgin Islands law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to the Company's warrants, which will expire worthless if the Company fails to complete a Business Combination within the Combination Period.

The Sponsor has agreed to waive its rights to liquidating distributions from the Trust Account with respect to the Founder Shares it will receive if the Company fails to complete a Business Combination within the Combination Period. However, if the Sponsor or any of its respective affiliates acquire Public Shares, such Public Shares will be entitled to liquidating distributions from the Trust Account if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commission (see Note 6) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period, and in such event, such amounts will be included with the other funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the assets remaining available for distribution will be less than the Initial Public Offering price per Unit (\$10.00).

[Table of Contents](#)

In order to protect the amounts held in the Trust Account, the Sponsor has agreed that it will be liable to the Company if and to the extent any claims by a third party (other than the Company's independent registered public accounting firm) for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account to below the lesser of (1) \$10.20 per Public Share and (2) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.20 per Public Share, due to reductions in the value of trust assets, in each case net of the interest that may be withdrawn to pay taxes. This liability will not apply to any claims by a third party who executed a waiver of any and all rights to seek access to the Trust Account and as to any claims under the Company's indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (other than the Company's independent registered public accounting firm), prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Going Concern Consideration

As of March 31, 2023, the Company had cash of \$174,419 and \$209,296,150 of investments in the Trust Account to be used for its Business Combination or to repurchase or redeem Public Shares in connection therewith.

The Company may raise additional capital through loans or additional investments from the Sponsor or its shareholders, officers, directors, or third parties. The Company's officers and directors, the Sponsor or their respective affiliates may, but are not obligated to, loan the Company funds, from time to time, in whatever amount they deem reasonable in their sole discretion, to meet the Company's working capital needs. Based on the foregoing, the Company believes it will have sufficient cash to meet its needs through the earlier of consummation of a Business Combination or 18 months from the closing of the Initial Public Offering (May 26, 2023) (or up to 21 months from the closing of the Initial Public Offering if the Company extends the period of time to consummate a Business Combination).

However, if the Company's estimate of the costs of identifying a target business, undertaking in-depth due diligence and negotiating a Business Combination are less than the actual amount necessary to do so, or if the Company's shareholders approve an extension to the mandatory liquidation date beyond 21 months from the closing of the Initial Public Offering, the Company may have insufficient funds available to operate its business prior to a Business Combination. Moreover, the Company may need to obtain additional financing either to complete a Business Combination or because it becomes obligated to redeem a significant number of its Public Shares upon completion of a Business Combination, in which case the Company may issue additional securities or incur debt in connection with such Business Combination. Subject to compliance with applicable securities laws, the Company would only complete such financing simultaneously with the completion of a Business Combination. If the Company does not complete a Business Combination because it does not have sufficient funds available, it will be forced to cease operations and liquidate the Trust Account. In addition, following the Business Combination, if cash on hand is insufficient, the Company may need to obtain additional financing in order to meet its obligations.

If the Company does not consummate a Business Combination by 18 months from the closing of the Initial Public Offering (May 26, 2023) (or up to 21 months from the closing of the Initial Public Offering if the Company extends the period of time to consummate a Business Combination), there will be a mandatory liquidation and subsequent dissolution of the Company. In connection with the Company's assessment of going concern considerations in accordance with Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 205-40, "Presentation of Financial Statements—Going Concern," the Company has determined that the liquidity condition due to insufficient working capital and mandatory liquidation, should a Business Combination not occur, and potential subsequent dissolution raise substantial doubt about the Company's ability to continue as a going concern for at least one year from the date that the financial statements are issued. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after 18 months from the closing of the Initial Public Offering (May 26, 2023) (or up to 21 months from the closing of the Initial Public Offering if the Company extends the period of time to consummate a Business Combination). The financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

[Table of Contents](#)

Proposed Business Combination

On February 10, 2023, the Company entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Vahanna Merger Sub Corp., a Delaware corporation and wholly-owned subsidiary of the Company (“Merger Sub”), and Roadzen, Inc., a Delaware corporation (“Roadzen”).

Pursuant to the terms of the Merger Agreement, at the closing (the “Closing”) of the transactions contemplated thereby (the “Transactions”), a business combination between the Company and Roadzen will be effected through the merger of Merger Sub with and into Roadzen, with Roadzen surviving as a wholly-owned subsidiary of the Company (the “Merger”). In connection with the Merger, the Company will change its name to Roadzen Inc. (“New Roadzen”). The Merger is expected to close during the second quarter of 2023, subject to customary closing conditions, including the receipt of certain governmental approvals and the required approval by the shareholders of Vahanna and Roadzen.

Immediately prior to the effective time of the Merger (the “Effective Time”), each outstanding share of Roadzen common stock, including common stock converted from Existing Roadzen Preferred Stock (as defined below) immediately prior to the closing (collectively, the “Existing Roadzen Common Stock”), will be cancelled and converted into the right to receive a pro rata portion (on a fully-diluted basis) of an aggregate amount of 68,300,000 ordinary shares of New Roadzen, par value \$0.0001 per share (“New Roadzen Ordinary Shares”). In addition, a certain number of the 68,300,000 New Roadzen Ordinary Shares will be reserved for future issuance following the Closing upon conversion, exercise, vesting and/or settlement of certain Roadzen RSUs (as defined below), Roadzen Warrants, and Roadzen Additional Equity Securities (as defined below) that will be assumed by New Roadzen at the Closing, in each case, pursuant to the terms and subject to the conditions set forth in the Merger Agreement. Each share of Existing Roadzen Common Stock owned by Roadzen as treasury stock will be canceled for no consideration.

Pursuant to the terms of the Merger Agreement, if the holders of less than 12,000,000 Class A ordinary shares of the Company have validly elected to redeem such shares as of two (2) business days immediately prior to the meeting of Company shareholders convened for the purposes of obtaining shareholder approval of the Merger (the “Company Shareholder Meeting”), and following (and subject to) receipt of shareholder approval of the Domestication (as defined below) at the Company Shareholder Meeting (the “Domestication Proposal”), at least one (1) business day prior to the Merger, Vahanna will continue out of the British Virgin Islands and become domesticated as a corporation in the State of Delaware (the “Domestication”) pursuant to Section 184 of the BVI Business Companies Act and Section 388 of the General Corporation Law of the State of Delaware (as amended), respectively, and in connection therewith, adopt, upon the Domestication taking effect, a certificate of incorporation (the “Interim Charter”) in place of the memorandum and articles of association currently registered by the Registrar of Corporate Affairs in the British Virgin Islands (the “Existing Charter”), and which will remove or amend those provisions of the Existing Charter that terminate or otherwise cease to be applicable as a result of the Domestication.

Assuming the Domestication Proposal is approved, and the Domestication occurs pursuant to the Merger Agreement, concurrent with the consummation of the Merger:

- each share of Class A common stock (as converted from Class A ordinary shares pursuant to the Domestication) will convert automatically, on a one-for-one basis, into one share of common stock, par value \$0.0001 per share, of New Roadzen (“New Roadzen Common Stock”);
- each share of Class B common stock (as converted from Class A ordinary shares pursuant to the Domestication) of the Company will convert automatically, on a one-for-one basis, into one share of New Roadzen Common Stock;
- each Private Placement Warrant previously sold by the Company to the sponsor (as defined below) in connection with its Public Offering will convert automatically, on a one-for-one basis, into an equivalent warrant of New Roadzen to acquire one share of New Roadzen Common Stock;
- each redeemable warrant sold as part of the units offered in the Company’s public warrant will convert automatically, on a one-for-one basis, into an equivalent warrant of New Roadzen to acquire one share of New Roadzen Common Stock; and

Table of Contents

- each unit sold in the Company's Public Offering will automatically be separated into its underlying shares of New Roadzen Common Stock and public warrants, with any fractional public warrant being forfeited for no consideration.

Equity Conversions

Immediately prior to the Effective Time, each outstanding share of Roadzen's preferred stock (the "Existing Roadzen Preferred Stock") will convert into one share of Existing Roadzen Common Stock on a one-for-one basis (the "Preferred Conversion").

In addition, as of the Effective Time:

- each existing Roadzen restricted stock unit ("Roadzen RSU"), whether vested or unvested, that is outstanding immediately prior to the Effective Time, will be assumed and converted into a restricted stock unit of New Roadzen with respect to a pro rata portion (on a fully-diluted basis) of 68,300,000 New Roadzen Ordinary Shares based on the number of shares of Existing Roadzen Common Stock subject to such Roadzen RSU immediately prior to the Effective Time.
- each existing warrant representing a right to acquire Existing Roadzen Common Stock ("Roadzen Warrant") that is outstanding immediately prior to the Effective Time will be assumed and converted into an equivalent warrant to acquire a pro rata portion (on a fully-diluted basis) of 68,300,000 New Roadzen Ordinary Shares based on the number of shares of Existing Roadzen Common Stock subject to such Roadzen Warrant immediately prior to the Effective Time.
- each equity security of Roadzen (other than Existing Roadzen Common Stock, Existing Roadzen Preferred Stock, Roadzen Warrants and Roadzen RSUs) ("Roadzen Additional Equity Security"), whether vested or unvested, that is outstanding immediately prior to the Effective Time will be assumed and converted into an equivalent security with respect to a pro rata portion (on a fully-diluted basis) of 68,300,000 New Roadzen Ordinary Shares based on the number of shares of Existing Roadzen Common Stock subject to such Roadzen Additional Equity Security immediately prior to the Effective Time.

Representations and Warranties

The Merger Agreement contains customary representations and warranties of the parties thereto with respect to, among other things, (a) corporate organization and qualification, (b) capital structure, (c) authorization to enter into the Merger Agreement, (d) financial statements, (e) absence of undisclosed liabilities, (f) consents and governmental approvals, (g) permits, (h) material contracts, (i) absence of changes, (j) litigation, (k) compliance with applicable laws, (l) employee plans, (m) environmental matters, (n) labor matters and (o) insurance. The representations and warranties of the parties do not survive the Closing.

Covenants

The Merger Agreement includes covenants of Roadzen with respect to the operation of the business prior to the consummation of the Merger. The Merger Agreement also contains additional covenants of the parties, including, among others, (a) to make appropriate filings pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended ("HSR"), (b) the use of reasonable best efforts to consummate the Merger as promptly as practicable and (c) preparation and filing of a registration statement on Form S-4 relating to the Merger and containing a proxy statement of the Company (the "Registration Statement / Proxy Statement").

The Merger Agreement also contains exclusivity provisions prohibiting (a) Roadzen and its subsidiaries from initiating, soliciting, entertaining or otherwise knowingly encouraging an Acquisition Proposal (as defined in the Merger Agreement) (subject to limited exceptions specified therein) or entering into any contracts or agreements in connection therewith and (b) the Company from issuing an indication of interest, memorandum of understanding, letter of intent or other similar agreement with respect to a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination other than with respect to the transactions with Roadzen contemplated by the Merger Agreement.

Table of Contents

New Incentive Plan

In connection with the Closing, the Company will adopt the New Incentive Plan (as defined in the Merger Agreement) subject to the Company's receipt of requisite shareholder approval.

Conditions to Consummation of the Transactions

Consummation of the Transactions is generally subject to customary conditions of the respective parties, and conditions customary to special purpose acquisition companies, including (a) expiry or termination of all applicable waiting periods under HSR, (b) the absence of any law or governmental order, threatened or pending, preventing the consummation of the Merger, (c) the effectiveness of the Registration Statement / Proxy Statement, (d) the New Roadzen Ordinary Shares to be issued in the Merger having been listed on the Nasdaq Stock Exchange LLC ("Nasdaq") upon the Closing, and otherwise satisfying the applicable listing requirements of Nasdaq, (e) receipt of shareholder approval from shareholders of each of the Company and Roadzen for consummation of the Merger, (f) funds of at least \$50,000,000 being available to the Company (after giving effect to payments in respect of any redemptions by the Company's shareholders in connection with the Merger and any financing received by Roadzen or the Company prior to Closing, and prior to an payment of any unpaid transaction expenses of the parties), (g) the consummation of the Domestication, if applicable, (h) the consummation of Roadzen's acquisitions of Global Insurance Management Limited and National Automobile Club, each of which Roadzen has signed a definitive agreement to acquire, and (i) receipt of executed Lock-up Agreements from equityholders of Roadzen. In addition, Roadzen also has the right to not consummate the Merger if the Company has net tangible assets following the redemptions of less than \$5,000,001.

Termination

The Merger Agreement may be terminated under certain customary and limited circumstances prior to the Closing, including by mutual written consent, by written notice from either the Company or Roadzen to the other if the Company's or Roadzen's shareholders have not approved the Merger Agreement and the transaction contemplated thereby, or if the Transactions have not been consummated on or prior to August 26, 2023 (subject to extensions for delays as set forth in the Merger Agreement).

A copy of the Merger Agreement is filed with the Company's Current Report on Form 8-K filed with the SEC on February 15, 2023 as Exhibit 2.1 and is incorporated herein by reference. The foregoing description of the Merger Agreement and the Transactions is not complete and is subject to, and qualified in its entirety by, reference to the actual agreement. The Merger Agreement contains representations, warranties and covenants that the respective parties made to each other as of the date of the Merger Agreement or other specific dates. The assertions embodied in those representations, warranties and covenants were made for purposes of the contract among the respective parties and are subject to important qualifications and limitations agreed to by the parties in connection with negotiating such agreement. In particular, the assertions embodied in the representations and warranties in the Merger Agreement were made as of a specified date, are modified or qualified by information in one or more confidential disclosure schedules prepared in connection with the execution and delivery of the Merger Agreement, may be subject to a contractual standard of materiality different from what might be viewed as material to investors, or may have been used for the purpose of allocating risk between the parties. Accordingly, the representations and warranties in the Merger Agreement are not necessarily characterizations of the actual state of facts about the Company, Roadzen or the other parties at the time they were made or otherwise and should only be read in conjunction with the other information that the Company makes publicly available in reports, statements and other documents filed with the SEC.

[Table of Contents](#)

Support Agreement

In connection and concurrent with the execution of the Merger Agreement, certain holders representing (a) at least a majority of the outstanding shares of Existing Roadzen Common Stock and of Existing Roadzen Preferred Stock, voting together as a single class, and (b) at least a majority of the outstanding shares of Existing Roadzen Preferred Stock, voting as a separate class, (collectively, the “Supporting Holders”) entered into a Support Agreement with the Company (the “Support Agreement”). Under the Support Agreement, the Supporting Holders agreed, among other things, to execute and deliver a written consent (a) adopting the Merger Agreement and the consummation of the Transactions, and (b) to effect the Preferred Conversion, in each case, not later than three (3) business days after the Registration Statement / Proxy Statement is declared effective by the SEC.

Sponsor Support Agreement

In connection and concurrent with the execution of the Merger Agreement, the Sponsor and Roadzen entered into a support agreement with the Company (the “Sponsor Support Agreement”). Under the Sponsor Support Agreement, the Sponsor agreed to, among other things, (a) vote all ordinary shares of the Company owned by it in favor of (i) the Transactions and (ii) any proposals made by the Company to facilitate or in furtherance of the Transactions, (b) appear at any Company shareholder meeting called regarding the Transactions for purposes of constituting a quorum, (c) vote against any proposals that would materially impede the transactions contemplated by the Merger Agreement, and (d) waive certain of its anti-dilution and conversion rights.

Lock-up Agreements

In connection with the execution of the Merger Agreement, certain holders of Existing Roadzen Common Stock and Existing Roadzen Preferred Stock entered into certain lock-up agreements (the “Lock-up Agreements”) with the Company and Roadzen. Prior to the Closing, Roadzen is obligated to use reasonable best efforts to cause all remaining equityholders of Roadzen to enter into a Lock-up Agreement. Pursuant to the Lock-up Agreements, certain holders of Restricted Securities (as defined therein) have agreed, among other things, to be subject to a lock-up period which will last from the Closing until the earliest of (x) the one (1) year anniversary of consummation of the Merger, (y) the date that the closing price of the New Roadzen Ordinary Shares equals or exceeds \$12.00 (as adjusted for share recapitalizations, subdivisions, reorganizations, recapitalizations and the like), for twenty (20) trading days within any thirty (30) trading day period following the 150th day following the Merger and (z) the consummation of a liquidation, merger, capital share exchange, reorganization, tender or exchange offer as the first step of a two-step transaction or other similar transaction that results in all of New Roadzen’s shareholders having the right to exchange their New Roadzen Ordinary Shares for cash, securities or other property; provided, however, that equityholders of Roadzen that held less than 5% of the equity securities of Roadzen (on a fully diluted basis) immediately prior to the Closing will be permitted to transfer and/or sell up to 25% of their New Roadzen Ordinary Shares after the date that is six (6) months following the consummation of the Merger.

Risks and Uncertainties

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued. Based upon this review, other than as described below, the Company did not identify any subsequent events that would have required adjustment or disclosure in the financial statements.

Management is currently evaluating the impact of the COVID-19 pandemic and has concluded that while it is reasonably possible that the virus could have a negative effect on the Company’s financial position, results of its operations, and/or search for a target company, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

In February 2022, the Russian Federation commenced a military action with the country of Ukraine. Although the length and impact of the ongoing military conflict is highly unpredictable, the conflict in Ukraine could lead to market disruptions, including significant volatility in commodity prices, credit and capital markets, as well as supply chain interruptions. As a result of this action, various nations, including the United States, have instituted economic sanctions against the Russian Federation. Further, the impact of this action and related sanctions on the world economy are not determinable as of the date of these financial statements.

[Table of Contents](#)**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES****Basis of Presentation**

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and in accordance with the instructions to Form 10-Q and Article 8 of Regulation S-X of the SEC. Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a complete presentation of financial position, results of operations, or cash flows. In the opinion of the Company’s management, the unaudited financial statements as of March 31, 2023 include all adjustments, which are only of a normal and recurring nature, necessary for a fair statement of the financial position of the Company as of March 31, 2023 and its results of operations and cash flows for the three months ended March 31, 2023. The results of operations for the three months ended March 31, 2023 are not necessarily indicative of the results to be expected for the full fiscal year ending December 31, 2023 or any future interim period.

Emerging Growth Company

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, as amended (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company’s financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

Investments held in the Trust Account

Investments held in the Trust Account were \$209,296,150 and \$207,091,906 at March 31, 2023 and December 31, 2022, respectively.

The Company’s portfolio of investments is comprised of U.S. government securities, which generally have a readily determinable fair value and are recognized at fair value. Investments are presented on the balance sheet at fair value at the end of each reporting period.

[Table of Contents](#)

Offering Costs associated with the Initial Public Offering

The Company complies with the requirements of FASB ASC 340-10-S99-1 and SEC Staff Accounting Bulletin (“SAB”) Topic 5A - “Expenses of Offering.” Offering costs of \$11,274,404 consist principally of costs incurred in connection with preparation for the Initial Public Offering.

Class A ordinary shares subject to possible redemption

The Company accounts for its ordinary shares subject to possible redemption in accordance with the guidance enumerated in ASC 480 “Distinguishing Liabilities from Equity.” Ordinary shares subject to mandatory redemption are classified as a liability instrument and are measured at fair value. Conditionally redeemable ordinary shares (including ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, ordinary shares are classified as shareholders’ equity. The Company’s ordinary shares feature certain redemption rights that are considered by the Company to be outside of the Company’s control and subject to the occurrence of uncertain future events. Accordingly, at March 31, 2023 and December 31, 2022, the ordinary shares subject to possible redemption in the amount of \$209,296,150 and \$207,091,906, respectively, are presented as temporary equity, outside of the shareholders’ equity section of the Company’s balance sheet.

The Company recognizes changes in redemption value immediately as they occur and adjusts the carrying value of redeemable ordinary shares to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable ordinary shares are affected by changes against additional paid-in capital and accumulated deficit.

As of March 31, 2023 and December 31, 2022, Class A ordinary shares subject to possible redemption reflected on the balance sheet is reconciled in the following table:

Gross proceeds	\$200,100,000
Less:	
Proceeds allocated to Public Warrants	(5,599,898)
Offering costs related to Class A ordinary shares subject to possible redemption	(10,941,287)
Plus:	
Remeasurement of Class A ordinary shares to redemption value	23,532,992
Class A ordinary shares subject to possible redemption – December 31, 2022	207,091,906
Remeasurement of Class A ordinary shares to redemption value	2,204,244
Class A ordinary shares subject to possible redemption – March 31, 2023	<u>\$209,296,150</u>

Income Taxes

The Company follows the asset and liability method of accounting for income taxes under ASC 740, “Income Taxes.” Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of March 31, 2023 and December 31, 2022. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

There is currently no taxation imposed on income by the Government of the British Virgin Islands. In accordance with British Virgin Islands income tax regulations, income taxes are not levied on the Company. Consequently, income taxes are not reflected in the Company’s financial statements.

Net Income (Loss) per Ordinary Share

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, “Earnings Per Share.” Net income per ordinary share is computed by dividing net income by the weighted average number of ordinary shares outstanding for the period. Accretion associated with the redeemable Class A ordinary shares is excluded from income per ordinary share as the redemption value approximates fair value.

Table of Contents

The calculation of diluted income per ordinary share does not consider the effect of the warrants issued in connection with the (i) Initial Public Offering, and (ii) the Private Placement since the exercise of the warrants is contingent upon the occurrence of future events. As a result, diluted net income per ordinary share is the same as basic net income per ordinary share for the periods presented.

The following table reflects the calculation of basic and diluted net income per ordinary share (in dollars, except per share amounts):

	For the Three Months Ended March 31, 2023 Class A Ordinary Shares	For the Three Months Ended March 31, 2023 Class B Ordinary Shares
Basic and diluted net income per share		
Numerator:		
Allocation of net income	72,772	18,193
Denominator:		
Basic and diluted weighted average ordinary shares outstanding	20,010,000	5,002,500
Basic and diluted net income per share	\$ 0.00	\$ 0.00
	For the Three Months Ended March 31, 2022 Class A Ordinary Shares	For the Three Months Ended March 31, 2022 Class B Ordinary Shares
Basic and diluted net loss per share		
Numerator:		
Allocation of net loss	(130,304)	(32,576)
Denominator:		
Basic and diluted weighted average ordinary shares outstanding	20,010,000	5,002,500
Basic and diluted net loss per share	\$ (0.01)	\$ (0.01)

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of a cash account in a financial institution, which, at times, may exceed the Federal Deposit Insurance Corporation coverage of \$250,000. The Company has not experienced losses on this account.

[Table of Contents](#)

Fair Value Measurements

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers include:

- Level 1, defined as observable inputs such as quoted prices (unadjusted) for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC 820, "Fair Value Measurement," approximates the carrying amounts represented in the balance sheets as of March 31, 2023 and December 31, 2022, primarily due to their short-term nature.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company did not have any cash equivalents as of March 31, 2023 and December 31, 2022.

Derivative Financial Instruments

The Company evaluates its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives in accordance with ASC Topic 815, "Derivatives and Hedging". For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value on the grant date and is then re-valued at each reporting date, with changes in the fair value reported in the statements of operations. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement or conversion of the instrument could be required within 12 months of the balance sheet date.

Warrants

The Company accounts for warrants as either equity-classified or liability-classified instruments based on an assessment of the warrant's specific terms and applicable authoritative guidance in ASC 480, Distinguishing Liabilities from Equity ("ASC 480") and ASC 815, Derivatives and Hedging ("ASC 815"). The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, whether the warrants meet the definition of a liability pursuant to ASC 480, and whether the warrants meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Company's own common stock, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent reporting period end date while the warrants are outstanding. All of the Company's warrants have met the criteria for equity treatment.

Stock Compensation

The Company accounts for stock compensation in accordance with FASB ASC Topic 718, "Compensation—Stock Compensation" ("ASC 718"). Under ASC 718, stock-based compensation associated with equity-classified awards is measured at fair value upon the grant date.

[Table of Contents](#)

Recent Accounting Standards

Management does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on the Company's financial statements.

NOTE 3 - INITIAL PUBLIC OFFERING

Pursuant to the Initial Public Offering, the Company sold 20,010,000 Units at a price of \$10.00 per Unit. Each Unit consists of one Class A ordinary shares and one-half of one redeemable warrant ("Public Warrant"). Each whole Public Warrant entitles the holder to purchase one Class A ordinary share at a price of \$11.50 per share, subject to adjustment (see Note 7).

NOTE 4 - PRIVATE PLACEMENTS

Simultaneously with the closing of the Initial Public Offering, the Company consummated the private sale (the "Private Placement") to the Sponsor of an aggregate of 8,638,500 Private Placement Warrants at a price of \$1.00 per Private Placement Warrant (generating gross proceeds of \$8,638,500). Each Private Placement Warrant is exercisable to purchase one Class A ordinary share at a price of \$11.50 per share, subject to adjustment.

Additionally, simultaneously with the closing of the Initial Public Offering, pursuant to a Subscription Agreement, dated November 22, 2021, by and between the Company and Mizuho, the Company completed the private sale of an aggregate of 150,000 Class B ordinary shares of the Company, par value \$0.0001 per share, at a purchase price of approximately \$3.33 per Representative Share, generating gross proceeds to the Company of \$500,000. No underwriting discounts or commissions were paid with respect to such sale. The issuance of the Representative Shares was made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act (see Notes 5 and 6).

A portion of the proceeds from the Private Placement Warrants and the Representative Shares was added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the proceeds from the sale of the Private Placement Warrants held in the Trust Account will be used to fund the redemption of the Public Shares (subject to the requirements of applicable law) and the Private Placement Warrants will be worthless.

The Sponsor and the Company's officers and directors agreed, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Warrants until 30 days after the completion of the initial Business Combination.

NOTE 5 - RELATED PARTIES

Founder Shares

On May 6, 2021, the Sponsor received 5,750,000 of the Company's Class B ordinary shares (the "Founder Shares") in exchange for the payment of \$25,000 of deferred offering costs. On October 28, 2021, the Sponsor surrendered and forfeited 1,437,500 Founder Shares for no consideration, following which the Sponsor held 4,312,500 Founder Shares. On November 22, 2021, the Company issued 690,000 Founder Shares to the Sponsor with such issue being made by way of a bonus share issue for no consideration, following which the Sponsor holds an aggregate of 5,002,500 Founder Shares. The Sponsor surrendered and forfeited 150,000 Founder Shares at no cost, and Mizuho purchased 150,000 Founder Shares, for an aggregate purchase price of \$500,000, in connection with the closing of the Initial Public Offering (see Note 6). The Company accounted for the excess \$623,500 of fair value \$1,123,500 over the purchase price \$500,000 as an offering cost with an offset to additional paid-in capital.

The Sponsor has agreed, subject to limited exceptions, not to transfer, assign or sell any of the Founder Shares until the earlier to occur of: (A) one year after the completion of a Business Combination and (B) subsequent to a Business Combination, (x) if the last reported sale price of the Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after a Business Combination, or (y) the date on which the Company completes a liquidation, merger, capital stock exchange or other similar transaction that results in all of the Public Shareholders having the right to exchange their ordinary shares for cash, securities or other property.

[Table of Contents](#)

On June 30, 2021, the Sponsor granted units to three of the Company's directors equivalent to 75,000 Founder Shares which will be convertible into Class A ordinary shares following the consummation of the Company's initial Business Combination which is in the scope of FASB ASC Topic 718, "Compensation-Stock Compensation" ("ASC 718"). Under ASC 718, stock-based compensation associated with equity-classified awards is measured at fair value upon the grant date. The fair value of the units were deemed to be de minimis. The units were granted subject to a performance condition (i.e., the occurrence of a Business Combination). Compensation expense related to the units is recognized only when the performance condition is probable of occurrence under the applicable accounting literature in this circumstance. As of March 31, 2023, the Company determined that a Business Combination is not considered probable and therefore, no stock-based compensation expense has been recognized. Stock-based compensation would be recognized at the date a Business Combination is considered probable (i.e., upon consummation of a Business Combination) in an amount equal to the number of units times the grant date fair value per share.

Services Agreement

The Sponsor entered into a services agreement with Indus Global Techventures LLP ("Indus LLP"), which is controlled by the Company's Chief Executive Officer and Chairman of the Board. The terms of the agreement require the Sponsor to pay a fixed monthly retainer fee in the amount of \$10,000 to formulate an investment and marketing strategy and explore potential targets for a Business Combination on behalf of the Company. In addition, the Sponsor provided for a success fee that would entitle Indus LLP to distributions attributable to 11.24% of the total fully diluted units of the Sponsor upon a successful Business Combination.

General and Administrative Services

Commencing on the date the Units are first listed on the Nasdaq, the Company has agreed to pay the Sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support for up to 18 months (or up to 21 months from the closing of the Initial Public Offering if the Company extends the period of time to consummate a Business Combination). Upon completion of the initial Business Combination or the Company's liquidation, the Company will cease paying these monthly fees. On March 11, 2022, the monthly fee was increased to \$20,000 in consideration of the Sponsor's payment of the fixed retainer fee payable to Indus LLP (see Services Agreement) in addition to the payment for office space, utilities and secretarial and administrative support provided by the Sponsor. This change was applied retroactively for the months of November and December. As such, \$60,000 was incurred and paid to the Sponsor for each of the three months ended March 31, 2023 and 2022, related to these services.

Promissory Note - Related Party

On May 6, 2021, the Sponsor issued an unsecured promissory note to the Company (the "Promissory Note"), pursuant to which the Company may borrow up to an aggregate principal amount of \$300,000. The Promissory Note is non-interest bearing and payable on the earlier of (i) December 31, 2021 or (ii) the consummation of the Initial Public Offering. As of March 31, 2023 and December 31, 2022, there were no amounts outstanding under the Promissory Note.

Convertible Promissory Note - Related Party

In order to finance transaction costs in connection with a Business Combination, on June 20, 2022, the Sponsor agreed to loan the Company up to \$1,500,000 in the form of a non-interest bearing convertible promissory notes to be used for a portion of the expenses of the Company ("Working Capital Loans"). If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. Additionally, the Company may convert the unpaid principal balance into whole warrants ("Conversion Warrants") to purchase Class A ordinary shares at a conversion price equal to \$1.00 per Conversion Warrant. The Conversion Warrants will be identical to the Private Placement Warrants. In the event that a Business Combination does not close, the Company may use a portion of the working capital held outside the Trust Account to repay the Working Capital Loans but no proceeds from the Trust Account would be used to repay the Working Capital Loans. As of March 31, 2023 and December 31, 2022, the Company had \$975,000 and \$300,000, respectively, borrowings under the convertible promissory note.

[Table of Contents](#)

NOTE 6 - COMMITMENTS AND CONTINGENCIES

Registration Rights - The holders of the Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any ordinary shares issuable upon the exercise of the Private Placement Warrants or warrants issued upon conversion of the Working Capital Loans and upon conversion of the Founder Shares) will be entitled to registration rights pursuant to a registration rights agreement signed on the effective date of the Initial Public Offering requiring the Company to register such securities for resale (in the case of the Founder Shares, only after conversion to Class A ordinary shares). The holders of these securities will be entitled to make up to three demands, excluding short form registration demands, that the Company register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to completion of a Business Combination and rights to require the Company to register for resale such securities pursuant to Rule 415 under the Securities Act. However, the registration rights agreement provides that the Company will not be required to effect or permit any registration or cause any registration statement to become effective until the securities covered thereby are released from their lock-up restrictions. Notwithstanding the foregoing, the registration rights relating to the Founder Shares and the Private Placement Warrants held by Mizuho shall comply with the requirements of FINRA Rule 5110(g)(8)(B)-(D), namely that Mizuho may not exercise its demand and “piggy-back” registration rights after five and seven years, respectively, from the Initial Public Offering and may not exercise its demand right on more than one occasion. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Representative’s Ordinary Shares

The Sponsor surrendered and forfeited 150,000 Founder Shares at no cost, and Mizuho purchased 150,000 Founder Shares, for an aggregate purchase price of \$500,000, in connection with the closing of the Initial Public Offering. Mizuho will be subject to the same restrictions and other agreements of the Sponsor with respect to the Founder Shares. The Founder Shares purchased by Mizuho will not, however, be subject to the same concessions as those applied to the Founder Shares held by the Sponsor in accordance with the terms of a Business Combination.

Underwriting Agreement

The Company granted the underwriters a 45-day option from the date of Initial Public Offering to purchase up to 2,610,000 additional Units to cover over-allotments, if any, at the Initial Public Offering price less the underwriting discounts and commissions. The over-allotment option was exercised in full.

The underwriters received a cash underwriting discount of \$3,480,000 in the aggregate, payable upon the closing of the Initial Public Offering. In addition, the underwriters will be entitled to a deferred fee of \$6,525,000 in the aggregate. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

Certain Engagements in Connection with the Merger

Mizuho is acting as a financial advisor to the Company in connection with the Merger. In connection with such engagement, Mizuho will receive fees and expense reimbursement customary for a financial advisory engagement (subject to the terms and conditions of its engagement letter with the Company).

[Table of Contents](#)

Mizuho, as the underwriter of the Company's Initial Public Offering, is entitled, pursuant to the terms of the underwriting agreement, to receive a deferred underwriting commission of \$6,525,000, and to receive a fee of \$2,500,000 pursuant to the terms of its financial advisory engagement letter with the Company, in each case payable upon completion of the Merger.

The Company entered into a formal engagement with Marco Polo Securities Inc., a registered broker dealer ("Marco Polo"), with regards to the Merger with Roadzen, pursuant to which Marco Polo will be entitled to receive a \$2,500,000 success fee upon consummation of the Merger and customary expense reimbursements.

NOTE 7 - SHAREHOLDERS' DEFICIT

Preference Shares - The Company is authorized to issue 1,000,000 preference shares with a par value of \$0.0001 per share with such designations, voting and other rights and preferences as may be determined from time to time by the Company's board of directors. As of March 31, 2023 and December 31, 2022, there were no preference shares issued or outstanding.

Class A Ordinary Shares - The Company is authorized to issue 200,000,000 Class A ordinary shares with a par value of \$0.0001 per share. Holders of Class A ordinary shares are entitled to one vote for each share. As of March 31, 2023 and December 31, 2022, there were no Class A ordinary shares issued or outstanding (excluding the 20,010,000 shares recorded as temporary equity).

Class B Ordinary Shares - The Company is authorized to issue 20,000,000 Class B ordinary shares with a par value of \$0.0001 per share. Holders of Class B ordinary shares are entitled to one vote for each share. As of March 31, 2023 and December 31, 2022, there were 5,002,500 Class B ordinary shares issued and outstanding.

Only holders of the Class B ordinary shares will have the right to vote on the election of directors prior to the Business Combination. Holders of ordinary shares, holders of Class A ordinary shares and holders of Class B ordinary shares will vote together as a single class on all matters submitted to a vote of our shareholders except as otherwise required by law. In connection with our initial Business Combination, we may enter into a shareholders' agreement or other arrangements with the shareholders of the target or other investors to provide for voting or other corporate governance arrangements that differ from those in effect upon completion of the Initial Public Offering.

The Class B ordinary shares will automatically convert into Class A ordinary shares at the time of a Business Combination, or earlier at the option of the holder, on a one-for-one basis, subject to adjustment. In the case that additional Class A ordinary shares, or equity-linked securities, are issued or deemed issued in excess of the amounts issued in the Initial Public Offering and related to the closing of a Business Combination, the ratio at which Class B ordinary shares shall convert into Class A ordinary shares will be adjusted (unless the holders of a majority of the then-outstanding Class B ordinary shares agree to waive such adjustment with respect to any such issuance or deemed issuance) so that the number of Class A ordinary shares issuable upon conversion of all Class B ordinary shares will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all shares of ordinary shares outstanding upon the completion of Initial Public Offering plus all Class A ordinary shares and equity-linked securities issued or deemed issued in connection with a Business Combination (net of the number of Class A ordinary shares redeemed in connection with a Business Combination), excluding any shares or equity-linked securities issued or issuable to any seller of an interest in the target to us in a Business Combination.

Public Warrants - Each whole warrant entitles the registered holder to purchase one Class A ordinary share at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing on the later of 12 months from the effective date of the Registration Statement for the Initial Public Offering and 30 days after the completion of the initial Business Combination. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of Class A ordinary shares. This means that only a whole warrant may be

Table of Contents

exercised at any given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. The warrants will expire five years after the completion of the Company's initial Business Combination, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

The Company has agreed that as soon as practicable, but in no event later than 15 business days after the closing of its initial Business Combination, the Company will use its best efforts to file with the SEC a registration statement covering the Class A ordinary shares issuable upon exercise of the warrants, to cause such registration statement to become effective and to maintain a current prospectus relating to those Class A ordinary shares until the warrants expire or are redeemed, as specified in the warrant agreement. If a registration statement covering the Class A ordinary share issuable upon exercise of the warrants is not effective by the 60th business day after the closing of the initial Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when the Company will have failed to maintain an effective registration statement, exercise warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act or another exemption.

Once the warrants become exercisable, the Company may redeem the outstanding warrants:

- at a price of \$0.01 per warrant;
- upon not less than 30 days' prior written notice of redemption given after the warrants become exercisable (the "30-day redemption period") to each warrant holder; and
- if, and only if, the reported last sale price of the Class A ordinary shares equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period commencing once the warrants become exercisable and ending three business days before we send the notice of redemption to the warrant holders.

In addition, if (x) the Company issues additional Class A ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of the initial Business Combination at an issue price or effective issue price of less than \$9.20 per share (with such issue price or effective issue price to be determined in good faith by our board of directors and, in the case of any such issuance to the Sponsor or its affiliates, without taking into account any Founder Shares held by the Sponsor or such affiliates, as applicable, prior to such issuance) (the "Newly Issued Price") (with such issue price or effective issue price to be determined in good faith by the Company's board of directors and, in the case of any such issuance to the Sponsor or its affiliates, without taking into account any Founder Shares held by the Sponsor or such affiliates, as applicable, prior to such issuance), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the initial Business Combination on the date of the consummation of the initial Business Combination (net of redemptions), and (z) the volume weighted average trading price of our Class A ordinary shares during the 20 trading day period starting on the trading day after the day on which the Company consummates the initial Business Combination (such price, the "Market Value") is below \$9.20 per share, then the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the greater of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described above will be adjusted (to the nearest cent) to be equal to 180% of the greater of the Market Value and the Newly Issued Price.

NOTE 8 — FAIR VALUE MEASUREMENTS

The fair value of the warrants at the Initial Public Offering date was \$10,434,787. The significant assumptions used to determine the fair value were 12% volatility, no dividends, risk free rate of 0.075% and a duration of 5 years.

The following table presents information about the Company's assets and liabilities that are measured at fair value on a recurring basis as of March 31, 2023 and December 31, 2022, and indicates the fair value hierarchy of the valuation techniques that the Company utilized to determine such fair value.

<u>Description</u>	<u>Level</u>	<u>March 31, 2023</u>	<u>December 31, 2022</u>
Assets:			
Marketable securities held in the Trust Account	1	\$209,596,150	\$ 207,091,906

Level 1 assets include investments in U.S. Treasury securities. The Company uses inputs such as actual trade data, benchmark yields, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

NOTE 9 - SUBSEQUENT EVENTS

The Company evaluated subsequent events and transactions that occurred after the balance sheet date through the date that the financial statements were available to be issued. Based upon this review, the Company did not identify any subsequent events, except as noted below, that would have required adjustment or disclosure in the financial statements.

On April 26, 2023, the Company filed a preliminary proxy statement regarding an extraordinary general meeting of shareholders (the "Meeting") expected to be held in May 2023. The purpose of the Meeting is to consider and vote upon proposals to amend and restate (the "Charter Amendment") the Company's amended and restated memorandum and articles of association to, among other things, modify the monthly amount that the Sponsor, or its affiliates or designees must deposit into the Trust Account in order to implement the board's plan to extend the period of time to consummate a Business Combination, in the event that the Company does not consummate a Business Combination within 18 months from the consummation of the IPO (May 26, 2023) (the "Current Termination Date"), if requested by the Sponsor and accepted by the Company, from \$0.033 per outstanding share to the lesser of \$0.033 per outstanding share and \$225,000, and increase the maximum number of such monthly extensions from up to three times to up to twelve times (the termination date as so extended, the "Extended Termination Date") by amending and restating the amended and restated memorandum and articles of association (the "Charter Amendment Proposal"); (ii) a proposal to amend and restate (the "Trust Amendment") the Company's investment management trust agreement dated as of November 22, 2021 (the "Trust Agreement") by and between the Company and Continental Stock Transfer & Trust Company (the "Trustee") to, among other things, (a) allow the Company to extend the Combination Period up to twelve (12) times for an additional one (1) month each time from May 26, 2023 to the Extended Termination Date by depositing into the Trust Account, for each one-month extension, the lesser of \$0.033 per outstanding share and \$225,000 and (b) provide that the Company shall hold the trust assets solely in cash in an interest-bearing demand deposit account at a bank from and after the effectiveness of the Charter Amendment and the Trust Amendment (the "Trust Amendment Proposal"); and (iii) a proposal to adjourn the Meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the Meeting, there are insufficient votes to approve the Charter Amendment Proposal and Trust Amendment Proposal (the "Adjournment Proposal").

The foregoing summary of the Extension Amendment Proposal, Trust Amendment Proposal and the Adjournment Proposal does not purport to be complete and is qualified in its entirety by reference to the Company's preliminary proxy statement, filed with the SEC on April 26, 2023.

On May 18, 2023, the Company issued a press release, announcing that, on May 17, 2023, the Sponsor requested that the Company extend the date by which it has to consummate a Business Combination from May 26, 2023 to June 26, 2023 (the "Extension"). The Extension is the first of three one-month extensions permitted under the Company's governing documents. In connection with such Extension, the Sponsor has notified the Company that it intends to cause an aggregate of \$660,330 to be deposited into the Company's Trust Account on or before May 26, 2023.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

References to “Vahanna,” the “Company,” “our,” “us” or “we” refer to Vahanna Tech Edge Acquisition I Corp. The following discussion and analysis of Vahanna’s financial condition and results of operations should be read in conjunction with the unaudited financial statements and the notes thereto contained in Item 1 of this Quarterly Report on Form 10-Q. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of many factors.

Cautionary Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” and “continue,” or the negative of such terms or other similar expressions. Such statements include, but are not limited to, possible business combinations and the financing thereof, and related matters, as well as all other statements other than statements of historical fact included in this Form 10-Q. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described in our other Securities and Exchange Commission (“SEC”) filings. Except as expressly required by applicable securities law, we disclaim any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.

Overview

We are a blank check company formed under the laws of the British Virgin Islands on April 22, 2021, for the purpose of effecting a merger, share exchange, asset acquisition, stock purchase, reorganization or other similar business combination with one or more businesses. We intend to effectuate our Business Combination using cash from the proceeds of the Initial Public Offering and the sale of the Private Placement Warrants, our capital stock, debt or a combination of cash, stock and debt.

We expect to continue to incur significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to complete a Business Combination will be successful.

Recent Developments

On April 26, 2023, we filed a preliminary proxy statement regarding an extraordinary general meeting of shareholders (the “Meeting”) expected to be held in May 2023. The purpose of the Meeting is to consider and vote upon proposals to amend and restate (the “Charter Amendment”) our amended and restated memorandum and articles of association to, among other things, modify the monthly amount that the Sponsor, or its affiliates or designees must deposit into the Trust Account in order to implement the board’s plan to extend the period of time to consummate a Business Combination, in the event that we do not consummate a Business Combination within 18 months from the consummation of the IPO (May 26, 2023) (the “Current Termination Date”), if requested by the Sponsor and accepted by the Company, from \$0.033 per outstanding share to the lesser of \$0.033 per outstanding share and \$225,000, and increase the maximum number of such monthly extensions from up to three times to up to twelve times (the termination date as so extended, the “Extended Termination Date”) by amending and restating the amended and restated memorandum and articles of association (the “Charter Amendment Proposal”); (ii) a proposal to amend and restate (the “Trust Amendment”) the Company’s investment management trust agreement dated as of November 22, 2021 (the “Trust Agreement”) by and between the Company and Continental Stock Transfer & Trust Company (the “Trustee”) to, among other things, (a) allow the Company to extend the Combination Period up to twelve (12) times for an additional one (1) month each time from May 26, 2023 to the Extended Termination Date by depositing into the Trust Account, for each one-month extension, the lesser of \$0.033 per outstanding share and \$225,000 and (b) provide that the Company shall hold the trust assets solely in cash in an interest-bearing demand deposit account at a bank from and after the effectiveness of the Charter Amendment and the Trust Amendment (the “Trust Amendment Proposal”); and (iii) a proposal to adjourn the Meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the Meeting, there are insufficient votes to approve the Charter Amendment Proposal and Trust Amendment Proposal (the “Adjournment Proposal”).

The foregoing summary of the Extension Amendment Proposal, Trust Amendment Proposal and the Adjournment Proposal does not purport to be complete and is qualified in its entirety by reference to the Company’s preliminary proxy statement, filed with the SEC on April 26, 2023.

On May 18, 2023, the Company issued a press release, announcing that, on May 17, 2023, the Sponsor requested that the Company extend the date by which it has to consummate a Business Combination from May 26, 2023 to June 26, 2023 (the “Extension”). The Extension is the first of three one-month extensions permitted under the Company’s governing documents. In connection with such Extension, the Sponsor has notified the Company that it intends to cause an aggregate of \$660,330 to be deposited into the Company’s Trust Account on or before May 26, 2023.

Proposed Business Combination

On February 10, 2023, the Company entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Vahanna Merger Sub Corp., a Delaware corporation and wholly-owned subsidiary of the Company (“Merger Sub”), and Roadzen, Inc., a Delaware corporation (“Roadzen”).

Pursuant to the terms of the Merger Agreement, at the closing (the “Closing”) of the transactions contemplated thereby (the “Transactions”), a business combination between the Company and Roadzen will be effected through the merger of Merger Sub with and into Roadzen, with Roadzen surviving as a wholly-owned subsidiary of the Company (the “Merger”). In connection with the Merger, the Company will change its name to Roadzen Inc. (“New Roadzen”). The Merger is expected to close during the second quarter of 2023, subject to customary closing conditions, including the receipt of certain governmental approvals and the required approval by the shareholders of Vahanna and Roadzen.

Immediately prior to the effective time of the Merger (the “Effective Time”), each outstanding share of Roadzen common stock, including common stock converted from Existing Roadzen Preferred Stock (as defined below) immediately prior to the closing (collectively, the “Existing Roadzen Common Stock”), will be cancelled and converted into the right to receive a pro rata portion (on a fully-diluted basis) of an aggregate amount of 68,300,000 ordinary shares of New Roadzen, par value \$0.0001 per

[Table of Contents](#)

share (“New Roadzen Ordinary Shares”). In addition, a certain number of the 68,300,000 New Roadzen Ordinary Shares will be reserved for future issuance following the Closing upon conversion, exercise, vesting and/or settlement of certain Roadzen RSUs (as defined below), Roadzen Warrants, and Roadzen Additional Equity Securities (as defined below) that will be assumed by New Roadzen at the Closing, in each case, pursuant to the terms and subject to the conditions set forth in the Merger Agreement. Each share of Existing Roadzen Common Stock owned by Roadzen as treasury stock will be canceled for no consideration.

Pursuant to the terms of the Merger Agreement, if the holders of less than 12,000,000 Class A ordinary shares have validly elected to redeem such shares as of two (2) business days immediately prior to the meeting of Company shareholders convened for the purposes of obtaining shareholder approval of the Merger (the “Company Shareholder Meeting”), and following (and subject to) receipt of shareholder approval of the Domestication (as defined below) at the Company Shareholder Meeting (the “Domestication Proposal”), at least one (1) business day prior to the Merger, Vahanna will continue out of the British Virgin Islands and become domesticated as a corporation in the State of Delaware (the “Domestication”) pursuant to Section 184 of the BVI Business Companies Act and Section 388 of the General Corporation Law of the State of Delaware (as amended), respectively, and in connection therewith, adopt, upon the Domestication taking effect, a certificate of incorporation (the “Interim Charter”) in place of the memorandum and articles of association currently registered by the Registrar of Corporate Affairs in the British Virgin Islands (the “Existing Charter”), and which will remove or amend those provisions of the Existing Charter that terminate or otherwise cease to be applicable as a result of the Domestication.

Assuming the Domestication Proposal is approved, and the Domestication occurs pursuant to the Merger Agreement, concurrent with the consummation of the Merger:

- each share of Class A common stock (as converted from Class A ordinary shares pursuant to the Domestication) will convert automatically, on a one-for-one basis, into one share of common stock, par value \$0.0001 per share, of New Roadzen (“New Roadzen Common Stock”);
- each share of Class B common stock (as converted from Class A ordinary shares pursuant to the Domestication) of the Company will convert automatically, on a one-for-one basis, into one share of New Roadzen Common Stock;
- each Private Placement Warrant previously sold by the Company to the sponsor (as defined below) in connection with its Public Offering will convert automatically, on a one-for-one basis, into an equivalent warrant of New Roadzen to acquire one share of New Roadzen Common Stock;
- each redeemable warrant sold as part of the units offered in the Company’s public warrant will convert automatically, on a one-for-one basis, into an equivalent warrant of New Roadzen to acquire one share of New Roadzen Common Stock; and
- each unit sold in the Company’s Public Offering will automatically be separated into its underlying shares of New Roadzen Common Stock and public warrants, with any fractional public warrant being forfeited for no consideration.

Equity Conversions

Immediately prior to the Effective Time, each outstanding share of Roadzen’s preferred stock (the “Existing Roadzen Preferred Stock”) will convert into one share of Existing Roadzen Common Stock on a one-for-one basis (the “Preferred Conversion”).

In addition, as of the Effective Time:

- each existing Roadzen restricted stock unit (“Roadzen RSU”), whether vested or unvested, that is outstanding immediately prior to the Effective Time, will be assumed and converted into a restricted stock unit of New Roadzen with respect to a pro rata portion (on a fully-diluted basis) of 68,300,000 New Roadzen Ordinary Shares based on the number of shares of Existing Roadzen Common Stock subject to such Roadzen RSU immediately prior to the Effective Time.

Table of Contents

- each existing warrant representing a right to acquire Existing Roadzen Common Stock (“Roadzen Warrant”) that is outstanding immediately prior to the Effective Time will be assumed and converted into an equivalent warrant to acquire a pro rata portion (on a fully-diluted basis) of 68,300,000 New Roadzen Ordinary Shares based on the number of shares of Existing Roadzen Common Stock subject to such Roadzen Warrant immediately prior to the Effective Time.
- each equity security of Roadzen (other than Existing Roadzen Common Stock, Existing Roadzen Preferred Stock, Roadzen Warrants and Roadzen RSUs) (“Roadzen Additional Equity Security”), whether vested or unvested, that is outstanding immediately prior to the Effective Time will be assumed and converted into an equivalent security with respect to a pro rata portion (on a fully-diluted basis) of 68,300,000 New Roadzen Ordinary Shares based on the number of shares of Existing Roadzen Common Stock subject to such Roadzen Additional Equity Security immediately prior to the Effective Time.

Representations and Warranties

The Merger Agreement contains customary representations and warranties of the parties thereto with respect to, among other things, (a) corporate organization and qualification, (b) capital structure, (c) authorization to enter into the Merger Agreement, (d) financial statements, (e) absence of undisclosed liabilities, (f) consents and governmental approvals, (g) permits, (h) material contracts, (i) absence of changes, (j) litigation, (k) compliance with applicable laws, (l) employee plans, (m) environmental matters, (n) labor matters and (o) insurance. The representations and warranties of the parties do not survive the Closing.

Covenants

The Merger Agreement includes covenants of Roadzen with respect to the operation of the business prior to the consummation of the Merger. The Merger Agreement also contains additional covenants of the parties, including, among others, (a) to make appropriate filings pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (“HSR”), (b) the use of reasonable best efforts to consummate the Merger as promptly as practicable and (c) preparation and filing of a registration statement on Form S-4 relating to the Merger and containing a proxy statement of the Company (the “Registration Statement / Proxy Statement”).

The Merger Agreement also contains exclusivity provisions prohibiting (a) Roadzen and its subsidiaries from initiating, soliciting, entertaining or otherwise knowingly encouraging an Acquisition Proposal (as defined in the Merger Agreement) (subject to limited exceptions specified therein) or entering into any contracts or agreements in connection therewith and (b) the Company from issuing an indication of interest, memorandum of understanding, letter of intent or other similar agreement with respect to a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination other than with respect to the transactions with Roadzen contemplated by the Merger Agreement.

New Incentive Plan

In connection with the Closing, the Company will adopt the New Incentive Plan (as defined in the Merger Agreement) subject to the Company’s receipt of requisite shareholder approval.

Conditions to Consummation of the Transactions

Consummation of the Transactions is generally subject to customary conditions of the respective parties, and conditions customary to special purpose acquisition companies, including (a) expiry or termination of all applicable waiting periods under HSR, (b) the absence of any law or governmental order, threatened or pending, preventing the consummation of the Merger, (c) the effectiveness of the Registration Statement / Proxy Statement, (d) the New Roadzen Ordinary Shares to be issued in the Merger having been listed on the Nasdaq Stock Exchange LLC (“Nasdaq”) upon the Closing, and otherwise satisfying the applicable listing requirements of Nasdaq, (e) receipt of shareholder approval from shareholders of each of the Company and Roadzen for consummation of the Merger, (f) funds of at least \$50,000,000 being available to the Company (after giving effect to payments in respect of any redemptions by the Company’s shareholders in connection with the Merger and any financing received by Roadzen or the Company prior to Closing, and prior to an payment of any unpaid transaction expenses of the parties), (g) the

[Table of Contents](#)

consummation of the Domestication, if applicable, (h) the consummation of Roadzen's acquisitions of Global Insurance Management Limited and National Automobile Club, each of which Roadzen has signed a definitive agreement to acquire, and (i) receipt of executed Lock-up Agreements from equityholders of Roadzen. In addition, Roadzen also has the right to not consummate the Merger if the Company has net tangible assets following the redemptions of less than \$5,000,001.

Termination

The Merger Agreement may be terminated under certain customary and limited circumstances prior to the Closing, including by mutual written consent, by written notice from either the Company or Roadzen to the other if the Company's or Roadzen's shareholders have not approved the Merger Agreement and the transaction contemplated thereby, or if the Transactions have not been consummated on or prior to August 26, 2023 (subject to extensions for delays as set forth in the Merger Agreement).

A copy of the Merger Agreement is filed with the Company's Current Report on Form 8-K filed with the SEC on February 15, 2023 as Exhibit 2.1 and is incorporated herein by reference. The foregoing description of the Merger Agreement and the Transactions is not complete and is subject to, and qualified in its entirety by, reference to the actual agreement. The Merger Agreement contains representations, warranties and covenants that the respective parties made to each other as of the date of the Merger Agreement or other specific dates. The assertions embodied in those representations, warranties and covenants were made for purposes of the contract among the respective parties and are subject to important qualifications and limitations agreed to by the parties in connection with negotiating such agreement. In particular, the assertions embodied in the representations and warranties in the Merger Agreement were made as of a specified date, are modified or qualified by information in one or more confidential disclosure schedules prepared in connection with the execution and delivery of the Merger Agreement, may be subject to a contractual standard of materiality different from what might be viewed as material to investors, or may have been used for the purpose of allocating risk between the parties. Accordingly, the representations and warranties in the Merger Agreement are not necessarily characterizations of the actual state of facts about the Company, Roadzen or the other parties at the time they were made or otherwise and should only be read in conjunction with the other information that the Company makes publicly available in reports, statements and other documents filed with the SEC.

Support Agreement

In connection and concurrent with the execution of the Merger Agreement, certain holders representing (a) at least a majority of the outstanding shares of Existing Roadzen Common Stock and of Existing Roadzen Preferred Stock, voting together as a single class, and (b) at least a majority of the outstanding shares of Existing Roadzen Preferred Stock, voting as a separate class, (collectively, the "Supporting Holders") entered into a Support Agreement with the Company (the "Support Agreement"). Under the Support Agreement, the Supporting Holders agreed, among other things, to execute and deliver a written consent (a) adopting the Merger Agreement and the consummation of the Transactions, and (b) to effect the Preferred Conversion, in each case, not later than three (3) business days after the Registration Statement / Proxy Statement is declared effective by the SEC.

Sponsor Support Agreement

In connection and concurrent with the execution of the Merger Agreement, the sponsor and Roadzen entered into a support agreement with the Company (the "Sponsor Support Agreement"). Under the Sponsor Support Agreement, the Sponsor agreed to, among other things, (a) vote all ordinary shares of the Company owned by it in favor of (i) the Transactions and (ii) any proposals made by the Company to facilitate or in furtherance of the Transactions, (b) appear at any Company shareholder meeting called regarding the Transactions for purposes of constituting a quorum, (c) vote against any proposals that would materially impede the transactions contemplated by the Merger Agreement, and (d) waive certain of its anti-dilution and conversion rights.

[Table of Contents](#)

Lock-up Agreements

In connection with the execution of the Merger Agreement, certain holders of Existing Roadzen Common Stock and Existing Roadzen Preferred Stock entered into certain lock-up agreements (the “Lock-up Agreements”) with the Company and Roadzen. Prior to the Closing, Roadzen is obligated to use reasonable best efforts to cause all remaining equityholders of Roadzen to enter into a Lock-up Agreement. Pursuant to the Lock-up Agreements, certain holders of Restricted Securities (as defined therein) have agreed, among other things, to be subject to a lock-up period which will last from the Closing until the earliest of (x) the one (1) year anniversary of consummation of the Merger, (y) the date that the closing price of the New Roadzen Ordinary Shares equals or exceeds \$12.00 (as adjusted for share recapitalizations, subdivisions, reorganizations, recapitalizations and the like), for twenty (20) trading days within any thirty (30) trading day period following the 150th day following the Merger and (z) the consummation of a liquidation, merger, capital share exchange, reorganization, tender or exchange offer as the first step of a two-step transaction or other similar transaction that results in all of New Roadzen’s shareholders having the right to exchange their New Roadzen Ordinary Shares for cash, securities or other property; provided, however, that equityholders of Roadzen that held less than 5% of the equity securities of Roadzen (on a fully diluted basis) immediately prior to the Closing will be permitted to transfer and/or sell up to 25% of their New Roadzen Ordinary Shares after the date that is six (6) months following the consummation of the Merger.

Certain Engagements in Connection with the Merger

Mizuho, as the underwriter of the Company’s Initial Public Offering, is entitled, pursuant to the terms of the underwriting agreement, to receive a deferred underwriting commission of \$6,525,000, and to receive a fee of \$2,500,000 pursuant to the terms of its financial advisory engagement letter with the Company, in each case payable upon completion of the Merger.

The Company entered into a formal engagement with Marco Polo Securities Inc., a registered broker dealer (“Marco Polo”), with regards to the Merger with Roadzen, pursuant to which Marco Polo will be entitled to receive \$2,500,000 success fee upon consummation of the Merger and customary expense reimbursements.

For additional information regarding the Merger Agreement, see the Company’s Current Report on Form 8-K filed with the SEC on February 15, 2023 and the Company’s proxy statement/registration statement on Form S-4 initially filed with the SEC on February 14, 2023.

Results of Operations

We have neither engaged in any operations nor generated any operating revenues to date. Our only activities from inception through March 31, 2023 were organizational activities, those necessary to prepare for the Initial Public Offering, described below and search for an acquisition target. We do not expect to generate any operating revenues until after the completion of our initial Business Combination. We expect to generate non-operating income in the form of interest income on marketable securities held after the Initial Public Offering. We expect that we will incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses in connection with searching for, and completing, a Business Combination.

[Table of Contents](#)

For the three months ended March 31, 2023, we had net income of \$90,965, which consisted primarily of formation and operating expenses of \$2,053,288 which was offset by \$2,204,253 of realized and unrealized gains on investments held in the Trust Account.

For the three months ended March 31, 2022, we had a net loss of \$162,880, which consisted primarily of formation and operating expenses.

Liquidity and Capital Resources

As of March 31, 2023, we had cash of \$174,419. Subsequent to the consummation of the Initial Public Offering, our liquidity will be satisfied through the net proceeds from the consummation of the Initial Public Offering and the Private Placement held outside of the Trust Account.

On November 29, 2021, we consummated the Initial Public Offering of 20,010,000 Units, at a price of \$10.00 per Unit, which included the full exercise by the underwriters of their over-allotment option in the amount of 2,610,000 Units, generating gross proceeds of \$200,100,000. Simultaneously with the closing of the Initial Public Offering, we consummated the sale of 8,638,500 Private Placement Warrants to our Sponsor at a price of \$1.00 per Private Placement Warrant generating gross proceeds of \$8,638,500.

Following the Initial Public Offering, the full exercise of the over-allotment option, and the sale of the Private Placement Warrants, a total of \$204,102,000 was placed in the Trust Account. We incurred \$11,274,404 in transaction costs, including \$3,480,000 of underwriting fees, \$6,525,000 of deferred underwriting fees and \$645,904 of other offering costs.

We intend to use substantially all of the funds held in the Trust Account, including any amounts representing interest earned on the Trust Account (less deferred underwriting commissions and income taxes payable), to complete our Business Combination. To the extent that our capital stock or debt is used, in whole or in part, as consideration to complete our Business Combination, the remaining proceeds held in the Trust Account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

We intend to use the funds held outside the Trust Account primarily to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses or their representatives or owners, review corporate documents and material agreements of prospective target businesses, and structure, negotiate and complete a Business Combination.

In order to finance transaction costs in connection with a Business Combination, on June 20, 2022, the Sponsor agreed to loan the Company up to \$1,500,000 in the form of a non-interest bearing convertible promissory notes to be used for a portion of the expenses of the Company ("Working Capital Loans"). If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. Additionally, the Company may convert the unpaid principal balance into whole warrants ("Conversion Warrants") to purchase Class A ordinary shares at a conversion price equal to \$1.00 per Conversion Warrant. The Conversion Warrants will be identical to the Private Placement Warrants. In the event that a Business Combination does not close, the Company may use a portion of the working capital held outside the Trust Account to repay the Working Capital Loans but no proceeds from the Trust Account would be used to repay the Working Capital Loans. As of March 31, 2023 and December 31, 2022, the Company had \$975,000 and \$300,000, respectively, borrowings under the convertible promissory note.

We will need to raise additional funds in order to meet the expenditures required for operating our business. Furthermore, if our estimate of the costs of identifying a target business, undertaking in-depth due diligence and negotiating a Business Combination are less than the actual amount necessary to do so, we may need additional funds to operate our business prior to our Business Combination. Moreover, we may need to obtain additional

[Table of Contents](#)

financing either to complete our Business Combination or because we become obligated to redeem a significant number of our Public Shares upon consummation of our Business Combination, in which case we may issue additional securities or incur debt in connection with such Business Combination. Subject to compliance with applicable securities laws, we would only complete such financing simultaneously with the completion of our Business Combination.

If we are unable to complete our Business Combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the Trust Account. In addition, following our Business Combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

Going Concern

As of March 31, 2023, the Company had cash of \$174,419 and \$209,296,150 of investments in the Trust Account to be used for its Business Combination or to repurchase or redeem Public Shares in connection therewith.

The Company may raise additional capital through loans or additional investments from the Sponsor or its shareholders, officers, directors, or third parties. The Company's officers and directors, the Sponsor or their respective affiliates may, but are not obligated to, loan us funds, from time to time, in whatever amount they deem reasonable in their sole discretion, to meet the Company's working capital needs. Based on the foregoing, the Company believes it will have sufficient cash to meet its needs through the earlier of consummation of a Business Combination or 18 months from the closing of the Initial Public Offering (or up to 21 months from the closing of the Initial Public Offering if the Company extends the period of time to consummate a Business Combination).

However, if the Company's estimate of the costs of identifying a target business, undertaking in-depth due diligence and negotiating a Business Combination are less than the actual amount necessary to do so, or if the Company's shareholders approve an extension to the mandatory liquidation date beyond 21 months from the closing of the Initial Public Offering, the Company may have insufficient funds available to operate its business prior to a Business Combination. Moreover, the Company may need to obtain additional financing either to complete a Business Combination or because it becomes obligated to redeem a significant number of its Public Shares upon completion of a Business Combination, in which case the Company may issue additional securities or incur debt in connection with such Business Combination. Subject to compliance with applicable securities laws, the Company would only complete such financing simultaneously with the completion of a Business Combination. If the Company does not complete a Business Combination because it does not have sufficient funds available, it will be forced to cease operations and liquidate the Trust Account. In addition, following our Business Combination, if cash on hand is insufficient, the Company may need to obtain additional financing in order to meet its obligations.

If the Company does not consummate a Business Combination by 18 months from the closing of the Initial Public Offering (or up to 21 months from the closing of the Initial Public Offering if the Company extends the period of time to consummate a Business Combination), there will be a mandatory liquidation and subsequent dissolution of the Company. In connection with the Company's assessment of going concern considerations in accordance with Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 205-40, "Presentation of Financial Statements - Going Concern," the Company has determined that the liquidity condition due to insufficient working capital and mandatory liquidation, should a Business Combination not occur, and potential subsequent dissolution raise substantial doubt about the Company's ability to continue as a going concern for at least one year from the date that the financial statements are issued. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after 18 months from the closing of the Initial Public Offering (or up to 21 months from the closing of the Initial Public Offering if the Company extends the period of time to consummate a Business Combination). The financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

Off-Balance Sheet Financing Arrangements

We have no obligations, assets or liabilities, which would be considered off-balance sheet arrangements as of March 31, 2023. We do not participate in transactions that create relationships with unconsolidated entities or financial partnerships, often referred to as variable interest entities, which would have been established for the purpose of facilitating off-balance sheet arrangements. We have not entered into any off-balance sheet financing arrangements, established any special purpose entities, guaranteed any debt or commitments of other entities, or purchased any non-financial assets.

[Table of Contents](#)

Contractual Obligations

We do not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities, other than an agreement to pay our Sponsor a monthly fee of \$20,000 for office space, utilities, and secretarial and administrative support services. On November 22, 2021, we entered into an Administrative Services Agreement with our Sponsor, pursuant to which we agreed to pay our Sponsor a monthly fee of \$10,000. On March 11, 2022, we entered into the Amended and Restated Administrative Services Agreement, pursuant to which the monthly fee was increased to \$20,000. This change was applied retroactively for the months of November and December. We will continue to incur these fees monthly until the earlier of the completion of our Business Combination and our liquidation.

The underwriters are entitled to a deferred fee of \$0.30 per unit, or \$6,525,000 in the aggregate. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that we complete a Business Combination, subject to the terms of the underwriting agreement.

Critical Accounting Policies

The preparation of financial statements and related disclosures in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and income and expenses during the periods reported. Actual results could materially differ from those estimates.

Class A ordinary shares subject to possible redemption

We account for ordinary shares subject to possible redemption in accordance with the guidance enumerated in ASC 480 “Distinguishing Liabilities from Equity.” Ordinary shares subject to mandatory redemption are classified as a liability instrument and are measured at fair value. Conditionally redeemable ordinary shares (including ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, ordinary shares are classified as shareholders’ equity. The Company’s ordinary shares feature certain redemption rights that are considered by the Company to be outside of the Company’s control and subject to the occurrence of uncertain future events. Accordingly, at March 31, 2023 and December 31, 2022, the ordinary shares subject to possible redemption in the amount of \$209,296,150 and \$207,091,906, respectively, are presented as temporary equity, outside of the shareholders’ equity section of the Company’s balance sheets.

Net Income (Loss) per Ordinary Share

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, “Earnings Per Share.” Net income per ordinary share is computed by dividing net income by the weighted average number of ordinary shares outstanding for the period. Accretion associated with the redeemable Class A ordinary shares is excluded from income per ordinary share as the redemption value approximates fair value.

The calculation of diluted income per ordinary share does not consider the effect of the warrants issued in connection with (i) the Initial Public Offering, and (ii) the sale of Private Placement Warrants since the exercise of the warrants is contingent upon the occurrence of future events. As a result, diluted net income per ordinary share is the same as basic net income per ordinary share for the periods presented.

Recent Accounting Standards

Management does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on our financial statements.

[Table of Contents](#)

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk.

We are a smaller reporting company as defined in Rule 12b-2 under the Exchange Act. As a result, pursuant to Item 305(e) of Regulation S-K, we are not required to provide the information required by this Item.

ITEM 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Disclosure controls are procedures that are designed with the objective of ensuring that information required to be disclosed in our reports filed under the Exchange Act, such as this Report, is recorded, processed, summarized, and reported within the time period specified in the SEC's rules and forms. Disclosure controls are also designed with the objective of ensuring that such information is accumulated and communicated to our management, including the chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure. Our management evaluated, with the participation of our chief executive officer and chief financial officer (our "Certifying Officers"), the effectiveness of our disclosure controls and procedures as of March 31, 2023, pursuant to Rule 13a-15(b) under the Exchange Act. Based upon that evaluation, our Certifying Officers concluded that, as of March 31, 2023, our disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II- OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

None.

ITEM 1A. RISK FACTORS.

There have been no material changes to the risk factors disclosed in our Annual Report on Form 10-K filed with the SEC on April 14, 2023. We may disclose changes to such factors or disclose additional factors from time to time in our future filings with the SEC.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. MINE SAFETY DISCLOSURES.

Not applicable.

ITEM 5. OTHER INFORMATION.

None.

ITEM 6. EXHIBITS.

The following exhibits are filed as part of, or incorporated by reference into, this Quarterly Report on Form 10-Q.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

VAHANNA TECH EDGE ACQUISITION I CORP.

By: /s/ Karan Puri

Name: Karan Puri

Title: Chief Executive Officer

Dated: May 19, 2023

CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER
PURSUANT TO RULE 13a-14(a) UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Karan Puri, certify that:

1. I have reviewed this quarterly report on Form 10-Q for the quarter ended March 31, 2023 of Vahanna Tech Edge Acquisition I Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the registrant, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting;
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
